

SPECIAL CARGO EXPERTS

Fracht GROUP

INTERNATIONAL FREIGHT FORWARDER

POLAND

At Fracht Group, we love freight..

Fracht Group

Fracht Group is an international freight forwarder and an industry leader in providing comprehensive, general and specialized global logistics solutions.

Founded in 1955, our Swiss-based company remains proudly independent and family-owned to this day. With a global presence spanning more than 150 offices in 50+ countries, we are committed to delivering excellence in logistics. Our team of 2500+ logistics experts ensures that every shipment is handled with precision.

We Are One Global Family

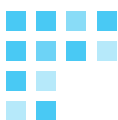

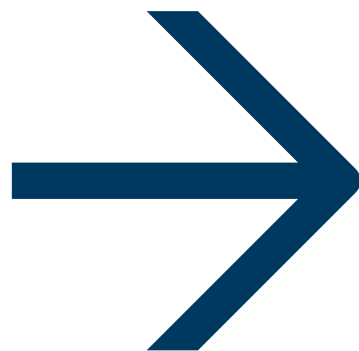

We are not just a company; we are a global family united by a shared mission. Our unwavering commitment to meeting your needs, delivering exceptional quality, and striving for operational excellence drives us forward. Together, we navigate new horizons, delivering strategic and innovative solutions in every direction.

Our aim is to provide the best possible personalized service to each and every one of our customers, regardless of the size or magnitude of your business or project.

Unleashing the Power of Logistics

Welcome to Fracht, where logistics mastery meets unrivaled passion. We are your trusted partner in navigating the complex world of international shipping. With a comprehensive range of services tailored to your unique needs, we ensure seamless transportation and provide a multitude of solutions to optimize your supply chain. At Fracht, we understand that freight is more than just cargo—it's the heartbeat of your business.

At Fracht Group, we love freight..

Fracht FWO Polska

The Polish division of the Fracht Group – Fracht FWO Polska with its headquarters in Warsaw, has been operating since 2006. There are seven branches in Poznan, Wroclaw, Szczecin, Katowice, Gdansk, Radom, Lodz. As a logistics operator for industry we offer a full scope of services from simple road transport to complex logistics projects. We have been actively supporting the development of the Polish energy sector for years by offering comprehensive logistics solutions for construction of new power units.

Fracht Group is an NVOCC (Non-Vessel-Operating Common Carrier) as well as a traditional freight forwarder. We are an industry leader in providing general and specialized logistics solutions and multimodal freight transport.

Taking advantage of the opportunities offered by our network of branches and partners around the world, Fracht FWO Polska can offer you tailored and competitive solutions within Air Freight, Sea Freight, Road Freight, Rail Freight, Special Cargo Transport, Project Cargo, Warehousing, Port Logistics, Customs Services.

Our logistics and transport solutions are addressed to clients from various industries: Power, Industrial, Chemical, Renewable Energy, Automotive, Consumer Goods / FMCG, High – Tech, Defense, Agro.

Our Passion for Freight

At Fracht, we are fueled by our love for freight and driven by our commitment to excellence. Our values and culture are the pillars that shape our organization and define who we are. With a friendly and enthusiastic approach, we embrace our values and strive to create a vibrant and inclusive work environment.

RESPECT

We treat everyone with respect.

INTEGRITY

We believe in a moral compass.

PASSION

We demonstrate perseverance and determination.

We are Fracht

POSITIVITY

We exemplify gratitude and appreciation towards all.

LEADERSHIP

We promote self-growth.

EMPATHY

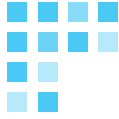

We care about people.

Quality

The best measure of our service quality is the satisfaction of our customers. We strive to reach the highest quality levels in all the sectors that we operate in. Processes implemented in Fracht FWO Polska are systematically analyzed and verified according to the market needs. Following the signals of change inside and outside the company enables us to perform the best service ever. We adhere to ISO certificates and internal quality policy base on Fracht Group values and culture.

Road freight

When it comes to trucking, Fracht is your trusted partner in delivering seamless transportation solutions. Our expertise extends across a wide range of services, including European groupage, intermodal freight transportation, cross-border trucking, heavy haul, and hazardous transport. With our trucks running “all over the Europe” we ensure that your cargo reaches its destination with efficiency and precision.

At Fracht FWO Polska, we have established ourselves as a leader in trucking, and we take pride in offering you the reliability and expertise you deserve. From Poland to Europe, within Europe and even to the Middle East and the Maghreb states, our trucks run with full and part loads, ensuring your goods are transported seamlessly across borders and continents.

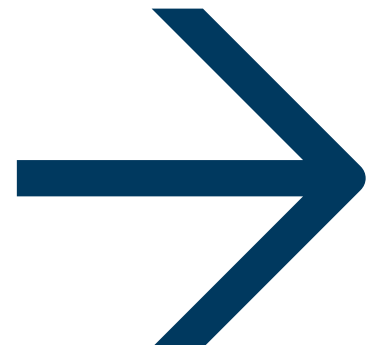

Our Comprehensive Services Include:

Full truck load transport – international and domestic:

- Tilt Trailers and Mega Trailers
- Box Trailers
- BDE (back door extension trailers) for loads exceeding 2.45m width
- Double Deck trailers with the extended capacity of 66 pallets

- Consolidated shipments – partial loads and LTL freight.
- Temperature-Controlled Shipments (-25°C to +25°C)
- Consignments of dangerous goods (ADR)
- Road freight of oversize cargo
- Just-in-time supplies
- Complex logistics service -transshipments, storage and distribution

Express shipments

When it comes to fast on time delivery, partnering with a logistics provider that can meet strict requirements and deliver reliable, cost-saving solutions is paramount. At Fracht FWO Polska we carry out express deliveries using road transport in Poland and in the European Union. Our team of experts is available 24/7 and in emergency situations our customers can rely on us at any time of day or night.

As part of our express services we offer:

- Mixed cargo, FTL, LTL, non-standard dimensions.
- Swift deliveries with order confirmation within 15 minutes, pickup guaranteed within 2 hours
- Temperature controlled freight e.g. for pharmaceutical industry
- Deliveries directly to production lines e.g. automotive industry, hitech industry
- GPS tracking system enabling real - time cargo tracking

Defense Logistics

At Fracht FWO Polska, compliance is at the core of everything we do. We adhere to the highest levels of quality and regulatory compliance. Our team of experts possesses extensive knowledge in all modes of transport. We ensure that every vendor and contractor we work with meets the highest standards set by project contractual agreements.

So when it comes to defense projects when partnering with a logistics provider that can meet strict requirements and deliver reliable, cost-saving solutions is paramount, Fracht is proud to be the trusted partner of choice for defense entities

Air freight

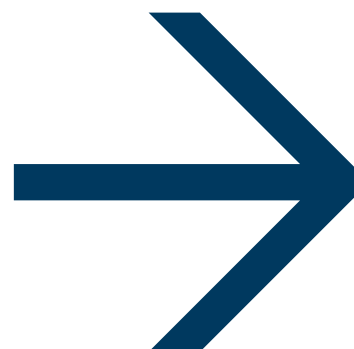

When time is of the essence and deadlines are tight, Fracht's Air Freight division is here to expedite your shipments around the world. With an extensive network, we offer a complete lineup of international air services, putting you in full control of your cargo from the moment it's picked up until it reaches its final destination.

Thanks to our partner network consisting of over 300 offices in airports in over 50 countries, we deliver competitive rates on import and export consolidated airfreight services, along with options for hazardous goods and express delivery. Whether you require a direct flight, transshipment via multiple airports, or even a customized charter, our air freight professionals will guide you in selecting the most fitting solution for your unique requirements.

When you choose Fracht Charters, you gain more than just an aircraft. Our dedicated team becomes your trusted partners, providing invaluable guidance throughout the entire process. We offer expert advice on load planning, meticulous packing, and confirmation of supply upon arrival. With our experienced staff overseeing the loading and unloading at origin and destination, you can rest assured that your cargo is in safe hands.

Sea freight

Fracht understands that the world of ocean freight can be vast and complex. That's why we are here to guide you through the waves and deliver tailored solutions that meet your specific needs. As both an NVOCC (Non-Vessel Operating Common Carrier) and a trusted sea freight forwarder, we have the expertise and flexibility to ensure a seamless and efficient journey for your cargo.

Full-Container Load (FCL) - When your cargo demands a dedicated container, we handle every aspect, from pickup to delivery, with meticulous care and precision. With FCL, you gain complete control over your cargo's journey, ensuring secure transport and timely arrivals.

Less-Than-Container Load (LCL) - Our LCL service consolidates shipments from multiple customers into a single container, optimizing space and reducing costs. With our extensive global network, your cargo reaches its destination efficiently and reliably. All while ensuring secure handling, timely delivery, and transparent tracking throughout the journey.

Project Cargo - For specialized and project-based cargo we offer end-to-end service management with true visibility for your specialized overweight, over-dimensional cargo.

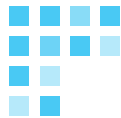

As part of sea freight our services include:

- ▶ Booking places on ships
- ▶ Consolidated LTL shipments in ports
- ▶ Special packaging and protection of goods for sea freight
- ▶ Assistance in creating import/ export documentation
- ▶ Container deliveries to/from ports by road and intermodal freight transport
- ▶ Oceanic transport – regular LCL and FCL service – import and export
- ▶ Sea freight of heavy and oversize goods
- ▶ Service for dangerous goods shipments (IMO)
- ▶ Temperature controlled sea freight in reefer containers
- ▶ Port service, transshipments, release of consignment in port, stripping of containers
- ▶ Organization of customs clearance and cargo insurance
- ▶ Other logistics services such as storage, repackaging, expert control of goods and other

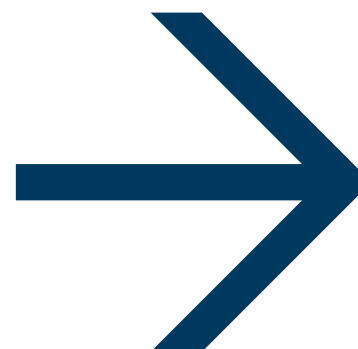

Rail freight

Rail freight supplies include routes from China to Europe. It is convenient solution in case of long distances and high tonnage and it is a perfect alternative for sea freight. Owing to a vast partner network of the Fracht Group located along the New Silk Road (with its route from West China to Poland), in case of any problems during transport, transshipment, or customs clearance, we offer our assistance.

As part of rail freight our services include:

- Train booking
- Transshipments in rail terminals and storage of goods,
- Customs clearance
- Full support of documentation used for some groups of goods that is permits, certificates of origin, certificates of conformity etc. which is important for service of industrial shipments such as e.g. oversize cargo.

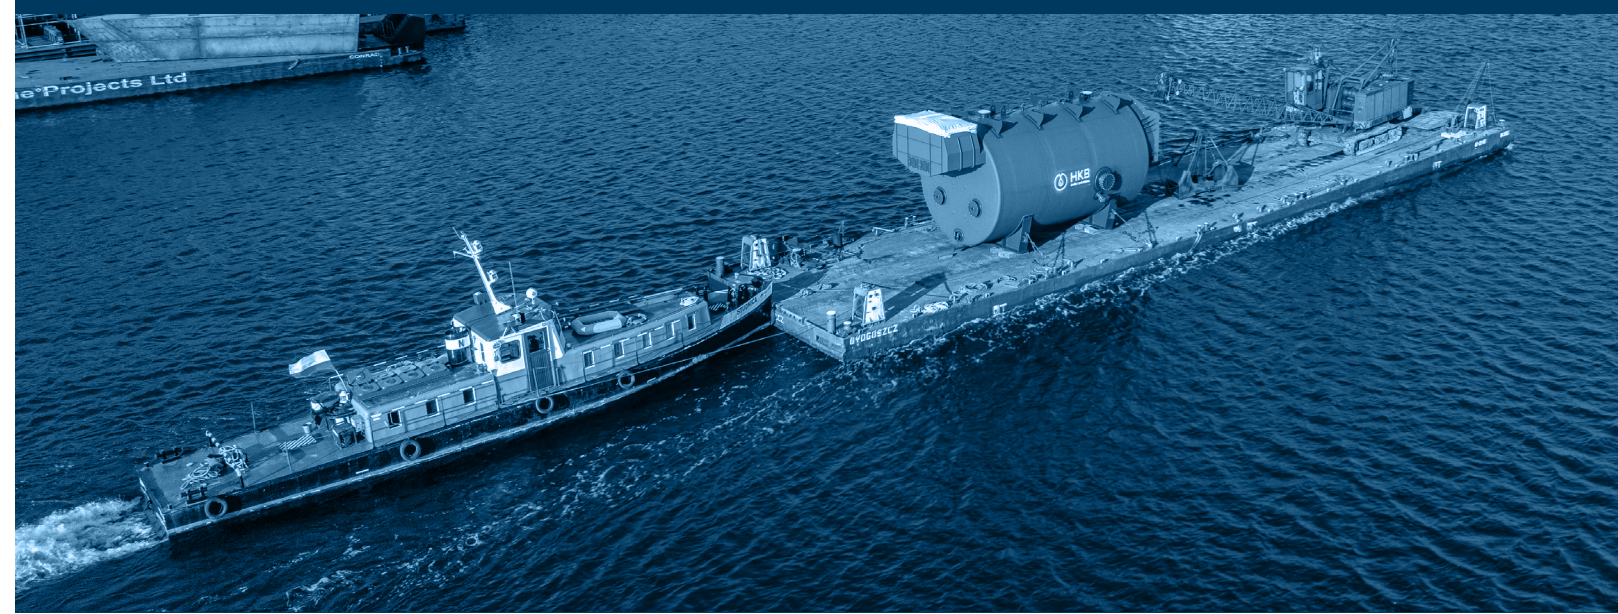

Project Cargo

At Fracht FWO Polska, we have built a reputation for excellence in handling complex and industrial-sized projects. Our dedicated project logistics department, operating in close collaboration with our global network of offices, is staffed with highly experienced professionals who are committed to finding solutions for your unique moves. Whether it's ocean, air, heavy haul, barge, or rail transport, we have the expertise and resources to safely deliver your cargo anywhere in the world.

As part of oversized cargo shipping we provide the following services:

- Feasibility study and risk assessment.
- Creating transport plans, the so-called method statements, including route planning, methods of loading, selection of appropriate means of transport and handling methods.
- Assistance in the preparation of necessary trade, customs and technical documentation.
- Obtaining permits required for oversized cargo transport.
- Sophisticated control and monitoring, reports on loading, transport and assembly.
- Transport from the production to the foundation site:
- Road transport using Tiefbett, Kesselbrücke and other trailers suitable to the type of the load.
- Sea transport – depending on customers' needs, container line services (open top containers, flat rack containers, platforms), Ro-Ro services, charters of break bulk ships.
- Port services, including handling and documentation necessary for sea shipping (bill of lading, ship's receipt etc.)
- Air transport – cargo services, charters.
- Inland transport – transport of goods that are too large and/or too heavy for road transport using barges.
- Rail transport.

Customs and fiscal service

Customs services are additional services which we perform in the scope of complex shipments. We arrange import and export customs clearance in Poland, European airports and sea ports (among others Hamburg, Rotterdam, Bremerhaven) as well as in many countries of both Americas, Asia and Africa. Owing to the network of trusted and dependable customs agencies we provide efficient and reliable customs services and assistance in formalities connected with customs and fiscal laws.

Fracht warehousing

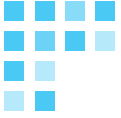

Fracht FWO Polska, offers warehousing services to enhance your supply chain operations.

Industrial packaging

We offer comprehensive industrial packaging solutions for sea, road and air transport in order to ensure safe delivery of your cargo.
